

# CARPET PRE-SPOTTER

## Ready-To-Use Traffic Lane Pretreatment

This product unlocks heavy oil and water based soils in traffic lanes and heavy wear areas before extraction or bonnet cleaning. It eliminates the need for stronger chemical solutions and reduces the hazard of overwetting the carpet. This blend of cleaners, emulsifiers, optical brighteners, and deodorizing agents loosens the deeply embedded soils to ensure maximum performance with minimum time and effort. Not recommended for use on stain resistant carpet.

### PRODUCT INFORMATION:

- Loosens deeply embedded soils to ensure maximum performance
- Effectively releases stains caused by food, beverage, pets, grease and more
- The first step in cleaning high traffic carpeted areas

pH.....12.0 - 12.5  
Form .....Liquid  
Fragrance .....Citrus  
Color.....Colorless  
Packaged .....12/1 QT Case, 4/1 GL Case, 5 GL Pail, 55 GL Drum

### DIRECTIONS FOR USE:

**NOTE:** Always test for colorfastness prior to using this product.

**GENERAL USE:** Spray the heavily soiled area (spots and traffic lanes) prior to general cleaning. Allow 10-15 minutes before extraction or shampooing. Clean carpet normally according to directions for the equipment and chemicals being used.

**CARPET SPOTTING:** Remove as much excess soil as possible. Apply this product to the soiled area. Wait 2-3 minutes and agitate lightly with scraper or brush. Blot or wipe with a clean, white towel.

**UPHOLSTERY:** Dilute product 1:6 with water and spray or apply with sponge to heavily soiled areas like arm and headrests prior to general cleaning.

### IMPORTANT SAFETY INFORMATION:

#### WARNING

Causes skin irritation. Causes serious eye irritation.

Wear protective gloves, protective clothing, eye protection and face protection. Dispose of contents and container in accordance with local, regional, national and international regulations.

**FIRST AID: IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical attention. **IF ON SKIN:** Wash with plenty of water. If skin irritation occurs: Get medical attention.
