SOLUTIONS FOR A CLEANER WORLD™

About Theochem

Theochem was founded in 1963 by Speros P. Theofilos. He believed in the American dream and the future of custom packaging and the private labeling of quality cleaning and sanitary maintenance products. What originally started in a 1000 Sq. Ft. building in Ybor City, Florida grew ten-fold within a few short years followed by numerous acquisitions. These early acquisitions not only created the foundation for our current product groups, but also positioned the company for years of innovative and profitable growth designed to make our maintenance programs efficient, cost effective and in total compliance.

Theochem Market Segments:

- Retail Private Label
- Food Service
- Industrial
- Institutional
- Hospitality
- Janitorial
- Contract Manufacturing

Theochem Today...

Today, Theochem Laboratories is a totally integrated company in north Tampa which houses our corporate office, a state-of-the-art liquid and powder manufacturing plant, modern chemical laboratory, an in-house graphic arts and printing department plus a well-equipped product testing and training facility.

Theochem Guarantee... "Solutions for a Cleaner World" is both our slogan and our guarantee. Theochem is dedicated to providing a healthy, safe environment with the highest quality products that protect our families, employees and customers.

Corporate Philosophy... Quality is never an accident; it is always the result of high intention, sincere effort, intelligent direction and skillful execution. It represents the wise choice of many alternatives. Our philosophy is not to ask for an order until we roll up our sleeves and identify our customer's needs and wants. The products in the Theochem line are time tested and continuously upgraded in quality as new developments occur within the chemical research community.
