

# THEOCHEM LABORATORIES PRODUCT WALK THRU

## RESTROOM WALK THRU

### Walls & Privacy Screens ◆◆

To disinfect and clean all washable, hard, non-porous surfaces, use liquid TB PLUS, NUTRA-MAX, or aerosol GERMICIDAL SPRAY CLEANER.

### Mirrors ◆◆

To remove dust, dirt, fingerprints and smoke, use liquid SHINE-O-GLASS, KLEER-VIEW, or aerosol GLASS & HARD SURFACE.

### Hand Soap Dispensers ◆

For antibacterial protection use ANTIBACTERIAL AMBER FLORAL HAND SOAP, or WHITE COCONUT HAND SOAP. For foaming antibacterial protection, use FOAMING HAND SANITIZER, WHITE TEA FOAMING WASH, or TEA TREE FOAMING WASH.

### Hand Sink ◆◆

To remove tough soap scum from porcelain and chrome fixtures, use PEROXY SOFT. If disinfecting is required, use GERMICIDAL SPRAY CLEANER.

### Tile & Grout ◆

Use P.M.C. as an acid-based grout cleaner and soap scum remover. For a neutral, non-acid alternative, use PEROXY SOFT.

### Towel & Sanitary Dispensers ◆

Stainless steel surfaces should be cleaned and polished using liquid or aerosol STAINLESS STEEL CLEANER.

### Urinals & Toilets ◆◆◆

This area needs to be cleaned on a daily basis. For hard water, and where rust and calcium are a problem, use BOWL-SAN cleaner, disinfectant, and deodorizer. For general cleaning and deodorizing of all surfaces, use SAFE-N-CLEAN or IN-CIDE. For heavy-duty disinfectant and cleaning, use EMULSO or TB PLUS. For a urine eradicator, use ENZY-OUT.

### Floor Cleaners ◆◆

For one-pass cleaner, disinfectant and deodorant, use NUTRA-MAX®, LEMON APD or MINT APD, or KITCHEN POWER. For a urine eradicator, use ENZY-OUT.

### Drains ◆

**WARNING:** *Extreme CAUTION must be used in handling all drain openers.*

For a powerful, less volatile, fast-acting chemical dissolving opener, use FUMELESS or CRYSTAL DRAIN. Both are effective on hair and grease. For Professional Use, try BUSTER (93% Sulfuric Acid).
