

Lovell Inc. was founded by Chris Lovell, Major USMC Retired, in 2013 out of a desire to continue to serve by providing specialty Medical and Surgical Resources to the Veterans Administration Hospital System and the U.S. Military Medical Networks. Having served for over 24 years, Chris also wanted to ensure America's Warfighters had access to the most advanced lifesaving resources available on and off the battlefield. Chris partners with medical and pharmaceutical companies as their federal vendor in order to help them access government healthcare systems and the patients they serve.
