

X-TRACTO

One Step Extraction Carpet Cleaner

This low foaming concentrate is designed for use in all types of steam cleaning or self-contained extraction machines. This blend of detergents and builders is formulated to aid the jet flushing action to remove carpet soil. This product solubilizes residual detergent and depresses the foaming action. This product will not clog pumps or seals and leaves no residue that can cause rapid resoiling. Biodegradable ingredients and minimum phosphate content reduce the impact to the environment. Not recommended for use on stain resistant carpet.

PRODUCT INFORMATION:

- Economical concentrated formula
- Leaves carpet clean and soft
- For use in all extraction and steam machines

pH.....11.5 - 12.5
Form.....Liquid
Fragrance.....Citrus
Color.....Colorless
Packaged.....4/1 gal Case

DIRECTIONS FOR USE:

Pretest for color fastness in an inconspicuous area before general use. Premix solution at 2 oz. per gallon of water (1:64) and add to the solution tank. This dilution is recommended for the heaviest soil load. Prespray extreme traffic pattern with a carpet prespotter and treat stains before general cleaning. If carpet has been previously cleaned with a high foam system, spray the sides of the recovery tank with a defoamer to assure full capacity operation. Follow the directions for the equipment being used, and be sure to overlap each pass to avoid streaking. NOTE: Overwetting may have harmful effects on the carpet. Follow the instructions on the equipment being used. For best results place protective pads under furniture and keep foot traffic off carpet until completely dry.

IMPORTANT SAFETY INFORMATION:

DANGER

Contains disodium metasilicate.

Causes skin irritation. Causes serious eye damage. Wear protective gloves, protective clothing, eye protection and face protection. Wash hands thoroughly after handling. Dispose of contents and container in accordance with local, regional, national and international regulations.

FIRST AID: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. **IF ON SKIN:** Wash with plenty of soap and water. If skin irritation occurs: Get medical attention.
