

## BONNET BRITE

### Encapsulating Interim Shampoo

Unique concentrated interim maintenance bonnet shampoo designed for use on today's stain resistant carpet. Soil encapsulator lifts away dirt and soil and dries into crystals that are easily vacuumed away, while a powerful odor encapsulator reduces associated malodors for a fresh environment. No need for the additional step of rinsing, saving time, labor, and down time. This technology also resists resoiling, for a longer lasting look and feel of clean.

#### PRODUCT INFORMATION:

- Concentrated shampoo for commercial bonnet cleaning
- Soil and odor encapsulation technologies lift away dirt and malodor
- Dries to crystal form

pH ..... 7.0 - 9.0  
Form ..... Liquid  
Fragrance ..... Odorless  
Color ..... Clear to straw color  
Packaged ..... 4/1 gal Case

#### DIRECTIONS FOR USE:

Thoroughly vacuum area to be cleaned. Apply traffic lane cleaner or carpet pre-spotter following manufacturers instructions to pre-treat heavily soiled, high traffic areas as needed. Dilute this product as follows based on soil levels: Light Soils: 8oz per one gallon of water; Moderate Soils: 16 oz per one gallon of water; Heavy Soils: 32oz per one gallon of water. Apply solution to area small enough to agitate with Bonnet machine before it dries. Follow equipment manufacturer's instructions for use, typically in a side-to-side motion, to clean the area. Allow cleaned area to dry. Vacuum cleaned area once dry to remove crystalized encapsulated soil.

**NOTE:** Always restrict foot traffic in areas being cleaned until carpet is dry and vacuumed. Diluted product may be applied to carpet as pre-spray in advance of extraction cleaning.

#### IMPORTANT SAFETY INFORMATION:

Non-hazardous according to OSHA GHS Hazard Communication Standard (29CFR1910.1200).

If medical advice is needed, have product container or label at hand. Keep out of reach of children. Read label before use. Store in cool, dry conditions in well sealed receptacles. Dispose of contents and container in accordance with local, regional, national and international regulations.

**FIRST AID: IF ON SKIN:** Generally the product does not irritate the skin. Rinse with warm water. If skin irritation continues, consult a doctor. **IF IN EYES:** Remove contact lenses if worn. Rinse opened eye for several minutes under running water. Then consult a doctor. **IF INHALED:** Supply fresh air; consult doctor in case of complaints. **IF SWALLOWED:** Do not induce vomiting; call for medical help immediately. Rinse out mouth and then drink plenty of water.
