BURST®

Low Suds Laundry Detergent

This powdered laundry detergent is a complete, one-shot heavy duty detergent used for washing in hard water. It is built to eliminate the lime soap film and grey work prevalent in hard water areas, provides excellent soil suspensions, penetrates deep set soil stains, and rinses easily even in cool water.

PRODUCT INFORMATION:

- Complete one-shot heavy duty detergent
- Designed for Laundries, Hospitals, Institutions & Commercial Use

pH 8 - 9 (1% solution)
Form Powder
Fragrance Citrus
Color White
Packaged 40 lb Pail, 25 lb Box, 100 lb Box,

DIRECTIONS FOR USE:

LIGHT SOIL: Add 8 oz. per 100 lbs. of fabric washed.

MEDIUM SOIL: Add 1 lb. per 100 lbs. of fabric washed.

HEAVY SOIL: Add 2 lbs. per 100 lbs. of fabric washed.

ADVANTAGES: This detergent is a complete product, replacing separate addition of alkalies and detergents, simplifies washing formulas, saves time and labor involved in purchasing, handling, and storage of supplies. It contains special optical brighteners to produce sparkling whites in all classifications whether it is shirts, table linen, bar aprons, towels, bed linen, etc. It is gentle and effective on all color-fast fabrics as well. Its free flowing powders dissolve easily and will not break down even at high temperatures. **WHERE TO USE:** This detergent may be used on all white and color fast fabrics, except woolsens. It is designed for all commercial, family institutional, linen supply and shirt laundries. This product is a free flowing powder and may be added dry to the wheel or to the supply compartment of automatic feeding devices. For manual dispensing, add the detergent while the washer is filling, then add laundry items.

IMPORTANT SAFETY INFORMATION:

WARNING

Causes serious eye irritation.

Wash hands thoroughly after handling. Wear protective gloves, protective clothing, eye protection and face protection. Dispose of contents and container in accordance with local, regional, national and international regulations.

FIRST AID: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical attention.
