

# FLOOR STRIPPER 100455

## ANIMAL™

### Powerful Rinse-Free Emulsifier

**ANIMAL™**, a new fiercely aggressive, fast-working, rinse-free floor stripper designed for effective removal of heavy buildup in a single pass. Quickly removes tough urethane-fortified floor finishes and water-based sealers including metal interlocks. Leaves floors ready for re-application of new floor finish. Minimal contact time and new rinse-free concentrated formula reduces labor and overall cost. Non-ammoniated. Phosphate-free. Biodegradable.

#### PRODUCT INFORMATION:

- All NEW fiercely aggressive, fast-working and rinse-free floor stripper
- Removes tough polyurethane and water-based finishes and sealers including metal interlocks
- Non-ammoniated, phosphate-free, biodegradable formula

pH..... 12.0 - 14.0  
Viscosity ..... Liquid  
Fragrance ..... Solvent-like  
Color ..... Colorless  
Packaged ..... 4/1 gl Case, 5 gl Pail & 55 gl Drum

#### DIRECTIONS FOR USE:

Mix product thoroughly before use. Always test in an inconspicuous area prior to full application. Restrict pedestrian traffic when this product is in use. This product can be mixed with hot or cold water. Optimum dilution will depend on floor conditions. For effective removal of 1-2 coats, dilute 1:12 (10-11 ounces per gallon). For removal of 2-4 coats, dilute 1:8 (16 ounces per gallon). For removal of multiple coats, dilute 1:4 (32 ounces per gallon). Spread stripping solution liberally over floor and let stand for 10-20 minutes. Do not allow solution to dry on floor. Scrub thoroughly with a floor machine to break up the softened film. Pick up dirty solution with a wet vac or auto-scrubber. No need for rinsing. Detail mop the floor to remove all residues and let clean floor dry completely before refinishing with one of Theochem's floor finishes.

#### IMPORTANT SAFETY INFORMATION:

##### **DANGER**

Harmful in contact with skin. Causes severe skin burns and eye damage. May cause respiratory irritation.

Do not breathe vapors. Wear protective gloves, protective clothing, eye protection and face protection. Dispose of contents and container in accordance with local, regional, national and international regulations.

**FIRST AID: IF ON SKIN (or hair):** Remove immediately all contaminated clothing. Rinse skin with water. **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. **IF SWALLOWED:** Rinse mouth. Do NOT induce vomiting. Call a POISON CENTER or physician if you feel unwell.
