

CHLOR-BRITE

Commercial Laundry Bleach

This product is a concentrated liquid laundry bleach in a safe stable form for general laundry applications where the extra destaining power of active chlorine is desired. It is ideal for use in shirts plants, family laundries, diapers, commercial and institutional work. It releases chlorine continuously throughout the bleaching operation without the danger of loss of fabric tensile strength.

This bleach is perfect for use in all automatic feeding equipment on washer-extractor units. It can be added to the wheel or to the supply compartment of an automatic feeder. This bleach can be used with all cotton and linen fabrics, but is not suitable for rayon, nylon, orlon, wool or silk.

PRODUCT INFORMATION:

- Destain with the power of active chlorine bleach
