

PROCEDURE FOR CLEANING A NEGLECTED QUARRY TILE FLOOR

Tools & Materials Needed:

- Cleaner
- Two mop buckets and wringers
- Two mops
- A stiff deck brush or push broom
- Gloves and goggles

Procedures:

Put on gloves and goggles

- Fill one bucket with cleaner solution, fill the other with clean water.
- Section the floor into 6' sections.
- Apply cleaner to the floor liberally.
- Let stand for 5 minutes.
- Scrub the section with a deck brush.
- Wring out the rinse mop as dry as possible and pick up the dirty solution.
- Rinse the mop in the clean water and wring it out.
- Change the rinse water frequently.
- Repeat this procedure until the entire floor is clean.
